

CHILD WITHIN

Workshop

An in-depth workshop designed to open your Heart Chakra. This Aspect is very important as it allows us to feel safe in this world and to trust in our Divinity that all is well.

Societies teach us that strength conquers all, however Compassion and Love for Self guarantees Successful results. Come with me on a journey as I introduce you to your Child Within.

Learn how to play again by not taking life nor yourself so seriously and be ok with who you are. Connecting to your Heart allows Authenticity & Alliance with your Soul.

This workshop goes for an hour (one on one) or 2 hours with more than 4 people.

You will receive workshop materials including a guiding Visualisation.

When we are balanced in all areas of our lives, life becomes a journey of Self-Awareness and Enjoyment.
