Connect to your Divine Feminine by allowing the Goddess Within “A Voice”  
This alignment heralds in Harmony, Vitality, Truth and Compassion.  
You will understand the connection with your Divine Masculine honouring your  
Divine Feminine.

~

We will open to the balance of the honouring of Receiving/Giving and also embark  
on a loving visualisation journey connecting to your Child within.

~

You will learn different techniques to allow your Heart to open and bring  
Compassion in for you and your life. The importance of your Sacred Heart Chakra is  
the key to all levels of Beingness.

Love is a Consciousness and not a feeling. It is the Divine doorway to Joyous  
Abundance on all levels

~

With Level 1, you learnt how the “Innate” helps you. Level 2 is about the Heart  
(Compassion) that opens doors on many levels for you. We’ll go deeper into the  
understanding of the Innate and Heart together.

~~~

The practice of affirmations using Intent will help you in your everyday Awareness.  
What you feel in your Hearts will make it so in the reality you choose.  
We are the Sovereign Beings of Source Energy.

~

We will reiterate on areas that need to be spoken about again helping to create a  
clearer picture of our Quantum being-ness.
